

NEW! From GCP The **O-PC**

*Great
Computers for
Presbyterians*
A non-prophet organization

**FEATURES QUORUM
SECURITY – IT
WON'T OPERATE
UNLESS AT LEAST 2 ELD-
ERS ARE PRESENT.**

Comes with an
**X-GA
monitor!**

The base system
comes with two
speakers—they
may be small, but
they speak with a
loud voice!

**Dead Sea scroll mouse
included! Comes with
many hot buttons!**

Includes a deluxe “Creations”
keyboard! Some believe it
contains 105 literal keys of
exactly the same size, while
others believe the keys may
vary in size. There are even
those who believe the entire
keyboard is merely a frame-
work used for the higher pur-
pose of communication.

*Highly accurate
clock helps you
take all those
minutes while
you waste all
those hours!*

*The PCI (Presbyterian
Component Interconnect) internal
bus allows for up to 32 devices to
all broadcast at once, even if no
other device is listening!*

*Includes an ecumenical network
card for communication with
other reformed computers*

The large hard drive has
ample storage for voluminous
committee reports

ORDER TODAY!

All calls will be handled decently and in order received.

*Power for plenty of accessories
with our 500 watt, pure
ecclesiastical power supply!*

The **Only Perfect** **Computer for today's** **technology-savvy** **presbyterian!**
